General News.

Governor Jenkins, of Georgia, has issued a proclamation ordering an election in the Atlanta district, on the 28th day of November, for a member of Congress, to fill the vacancy created by the resignation of Hon. W. T. Wofford.

It is understood that Secretary Seward has expressed his opinion that England means to pay the Alabama claims. This change of opinion is doubtless based on the information which he received by the last steamer.

J. D. B. De Bow, of the *Southern Review*, has accepted the Presidency of the Great Central Railroad of Tennessee, chartered by a recent act of the Legislature.

It is stated that the New York Central railroad is about to employ enough steel rails from England to relay two miles of their track in order to test their durability.

Some of the fashionable hair-dressers in the East and West have introduced the "Ristori waterfall." It is said to be a light, graceful, and easily-arranged coiffure.

The court robes which Ristori wears in the Throne scene of Elizabeth belonged, it is said, to one of the Itanian Princesses of 1820, and were worn on a genuine throne.

A young lady who entered her name on the hotel register as Miss Miller, committed suicide at the Hatch House, in Chicago, Monday night, by taking a dose of morphine.

The new White House at Washington will probably be erected on Fourteenth street, about two miles from the city. It is understood that President Johnson favors this location.

An eccentric old Englishman has just died, leaving his fortune to two nephews, provided they take three hours' exercise each day before eight o'clock in the morning for seven years

A German mile is as long as two of ours.—A German pound has seven more ounces, but a German dollar is considerably less than ours.

Kossuth has been lately in Paris. He is in most delicate health, and those who saw him when he was in this country would not recognize him.

Hannibal Hamlin has had a silver service given him; but, alas, he has no longer any bread and butter to "serve."

Hearing a physician remark that a small blow will break a nose, a rustic exclaimed: "Well, I dunno'bout that; I have blown my nose a great many times, and I've never broke it."

A Northern clergyman in a Christian pulpit prays for the death of Mr. Johnson, his own President—that is patriotism and public virtue.

Conversation among betrothed ones is a breach of Japanese etiquette.

"Let an author be paid," says Carlyle, "by the quantity he does *not* write."

The Lowell factory girls have adopted the bloomer costume while at work.

Gen. W. B. Franklin has been breveted Major General in the regular service.

Tom Thumb returned $2,876 income for 1865.

The Error of the North.

If the Northern people could, by a miracle, be shown the real condition of the South—could see into the interior of our households and business affairs—could see how straitened we are in our circumstances—could learn how many families that hitherto knew, experimentally, little of life save its enjoyments and luxuries, are now brought face to face with its hardships and privations—could see the struggle that is going on in every household for the bare necessaries of life, the economy that is practiced, and the patient endurance of old and young, male and female;—if they could see how eager all are for some honest employment, however humble, that will yield a bare livelihood—could see how tolerant those who owned hundreds of slaves, who were at their beck and call, now are of the freedmen in their newly acquired privileges, and with what cheerful good humor they conform to the new order of things—treating these former slaves with the utmost kindness:—if, too, they could see the perfect indifference of all classes to politics, their freedom from passion and partisanship;—if, we say, the Northern people could, by a miracle, be shown these things, they would wonder at their own excitement and exclaim against the mischievous demagogues who have deceived and misled them. While the Northern people, thus deluded, are going about like roaring lions, the South is as quiet as a lamb. The Radical measures are all calculated for a condition of things bordering on revolution, when the Southern people are as free from every thought or purpose of revolution as the dead who sleep their last sleep in the ancient catacombs. We are all utterly disgusted with politics, and desire only to be allowed to attend in peace to our business affairs.—*Richmond Whig.*

AFTER DINNER SPEECHES.—Frazer's *Magazine* tells the following on Daniel Webster, while speaking under the influence of convivial potations:

"At a public dinner, where Webster was to speak, he had to be prompted by a friend; and, on his making a pause, the friend behind insinuated "national debt." Webster at once fired up: "And, gentlemen, there's the national debt—it should be paid; yes, gentlemen, it should be paid, and—if it shant be. I'll pay it myself! How much is it?" And as he made this query, with drunken seriousness, of a gentleman near him, taking out his pocket-book, which was always notoriously empty, the absurdity was too much for the audience."

Another of his speeches is reported in full as follows: "Men of Rochester, I am glad to see you, and I am glad to see your noble city. Gentlemen, I saw your falls, which I am told are one hundred and fifty feet high. That is a very interesting fact. Gentlemen, Rome had her Cæsar, her Scipio, her Brutus; but Rome in her proudest days had never a waterfall a hundred and fifty feet high! Gentlemen, Greece had her Pericles, her Demosthenes and her Socrates; but Greece in her palmiest days never had a waterfall a hundred and fifty feet high! Men of Rochester, go on. No people ever lost their liberties who had a waterfall one hundred and fifty feet high."

ÆTNA LIFE INSURANCE CO., OF

HARTFORD, CONN.

W. H. CROW,

General Agent,

For the State of North Carolina, Petersburg, Va., and surrounding Counties.

IN addition to the loss and prompt payment of Justus Kinseys policy for $5,000, is now added another loss, by the death of J. E. Weeks, of Elizabeth City, N. C. for $5,000, and again promptly settled by the Ætna.

By this practical illustration of the advantages of Life Insurance, it is commended to the confidence and support of every one desirous of providing for surviving loved ones.

As an investment merely, a Life Insurance Policy is as safe an investment of funds as can be made.—The principal, generally, is not only many times in excess of the amount paid, but in a sound company it has no rival for security, and no species of Government bonds are a more desirable investment.

Raleigh & Gaston R. R. Co.	682,500,

In consequence of the bonds and liens, held by the State on various Rail Road Companies, having been in part executed during the late war, I have concluded not to offer them for exchange until the reception of special instructions from the General Assembly.

I have deferred the time of opening bids in order that parties interested might have opportunity of examining the reports of the various Companies for the present year, which no doubt can be obtained from the proper officers of the Companies.

INFALLIBLE YEAST POWDERS.

Scientific men, who thoroughly understand the subject, concur with great unanimity in saying that nothing exerts such a deleterious influence against health as bad bread. The remedy is at hand in IMPSON'S INFALLIBLE YEAST POWDER, the value of which is thus certified:

RALEIGH, Aug. 24, 1866.

I have tested the Yeast Powders you manufacture and can recommend them as vastly superior to any other ever used by me. In addition to the lightness and sweetness of the bread, the powders are economical, as one-third the lard usually required will answer in the making of either loaf bread or biscuit. For pastries and cakes they are excellent.

VIRGINIA A. ORR.

The price of these powders per package is 25 cts. or 75 cts. per pound. To be had at Wm. Simpson's Confectionary Store, Fayetteville Street, Raleigh, N. C.

RALEIGH, Aug. 29, 1866.

This is to certify that I have used Mr. Simpson's Yeast Powders and find them to be superior to any I have ever used. After trying them once no housekeeper will be satisfied without them.

MRS. S. D. HARRISON.

THE SENTINEL.

WM. E. PELL, SEATON GALES, } Editors.

Thursday Evening, Oct. 25, 1866.

The Baltimore Trouble.

The Radical malignants and despots are preparing to make a bloody exhibition of their contempt for the rights of all who dare oppose them. As our readers have already doubtless gathered, from the tenor of the telegraphic intelligence which we have published for several days past, the demonstration is to be made in Maryland. The threat is publicly and unblushingly made that, unless they are permitted to consummate their schemes without interruption, blood must flow; and upon the plea that the Governor of Maryland proposes to instal "rebels" in power, Forney and others summon Pennsylvania and other Northern States to arms. It is gravely to be apprehended that civil war is imminent at the North,—commencing in Maryland and terminating Heaven only knows how, when and where.

The immediate occasion of the present excitement is the conduct of the Police Commissioners of Baltimore, in the late municipal election, in giving the entire control of that election to the agents of the Radical party, by which nefarious arrangement the Conservative vote was excluded and the election became a comedy,—resulting, of course, in the triumph of the Jacobin candidates. The State election is to occur in November, and the Conservatives have demanded, as a matter of justice, the removal of the Commissioners who thus trampled upon their constitutional rights, and the appointment of others who will pay some respect to the obligations of their oaths. The Governor's authority, in the vacation of the Legislature, to make such removal, if, upon investigation, the charge of malfeasance shall be sustained, is fixed by an act of the Legislature of 1862, which invests him, in unequivocal language, with the power.

That they have violated their oaths of office, is apparent from the following clause of the obligation which they are required to assume:—"That in any and every appointment or removal to be made by them to and from the police force created and to be organized by them under this article, they will in no case, and under no pretext, appoint or remove any policeman or officer of police, *or other person under them*, for or on account of the *political opinion* of such policeman or officer, or other person, or for any other cause or reason than the fitness or unfitness of such person, in the best judgment of the said Mayor or Commissioners, for the place to which he shall be appointed or from which he shall be removed." Every man in the community, says the Baltimore *Gazette*, "knows that this provision against the appointment of a partisan police force has been deliberately set at naught. On the day of the late election the ballot-boxes were in the hands of partisan regular and special policemen, and of thoroughly partisan judges. These parties were all selected by the Commissioners in order to more completely insure a partisan triumph, and in the conduct of the election they disregarded some of the clearest and most peremptory provisions of the law."

For this and other reasons the people demand the removal of the Commissioners. If the offences are proven, and the Governor, in discharge of his sworn duty, displaces the delinquents, violence and bloodshed are to be resorted to; and if the President attempts to preserve order, Radicals from the Northern States are invoked to take part in the conflict and attempt to overrun both the State and Federal governments. A revolution, thus inaugurated, would hardly fail to involve the whole country in the horrors of civil war.

To such a state of things the Radicals would force the country, for the unimportant object of carrying a State election, upon a point where the law is unmistakably against them, and for the purpose of depriving a portion of the people of Baltimore of their legal right to vote. Such a course is in entire keeping with the incendiary and anarchical tendencies of Radicalism.

The Washington *Chronicle* and the Baltimore *American* are engaged in making the most inflammatory appeals to the passions of the people. They are inviting civil war, while the *Constitutional Union* and the Baltimore *Gazette* are doing all they can to compose the troubled waters. They advise the Conservatives and Democrats to be patient and forbearing, but to be prepared for any emergency. This is good advice. Heaven forefend civil strife and bloodshed; but we trust that the Conservatives, in any event, will not allow the Constitution and laws to be set at defiance.

The following is the counsel of the *Constitutional Union*:

"The coolness and audacity with which such members of the radical press as the Washington *Chronicle* call for another civil war indicates that they are prepared, by means of money, arms and organization, for the conflict.—It therefore becomes the duty of all democrats and conservatives to prepare themselves in like manner. We are not alarmists, but in view of the open violence already being committed by the radicals, and their threats to plunge the country into all the horrors of another strife, we counsel all our democratic brethren to organize at once. *Organize!* There is no time to be lost. Let the democrats of every township and voting precinct in the country enroll themselves into organizations,—into companies of *minute men*,—ready to start at the tap of the drum to defend the Union and the Constitution of their fathers from the attack of Radical treason. The radicals have their 'loyal leagues,' their 'soldiers' unions,' and their 'grand armies of the republic,' all organized and disciplined, and thoroughly officered,—it is but common prudence that we, too, should organize in like bodies. Organize, and *at once*. There is no time to be lost. By the first Monday in December, let every man of the conservative democratic parties, North and South, be ready to meet what Radical treason may do."

Parson Brownlow threatens to disperse with the bayonet any convention that shall assemble in Tennessee to change the government of the State.

We Must Work.

We want more producers and fewer consumers of everything in North Carolina. We have too many *sellers* and *venders* of all kinds of articles, and too few makers of everything that can be made to profit. Our young men, all over the State, are rushing into stores and shops. They want to be merchants, instead of farmers, mechanics, miners, manufacturers, machinists, dairymen, &c. What is to be the upshot of this policy? Why, certain collapse and bankruptcy. In Boston, only five merchants out of every hundred are rich when they retire from business. In New York, the number is still smaller. In North Carolina, not more than one in ten or twenty ever acquire a competency to retire on. Not so with sober, frugal, and industrious farmers. Nor ought it to be so with mechanics, or in any other laboring vocation.

We need enough thorough lawyers, doctors, and merchants to attend to the business of their vocations; but every lawyer, or doctor, or merchant, that does not succeed in business, is just one too many of intelligent men taken out of the industrial operations of the country. By far too many of our promising young men are educated for the professions or for no particular vocation. We need our best educated men for farmers, mechanics, &c. Now that all our people should labor, both white and black, it is time that sensible people were turning their attion to the proper rearing of their children to this end. The great object seems to be to get into the safest position we can to avoid hard work. What is the consequence? Indolence and crime fill the land.

The most independent and certain vocations are agriculture and its cognate employments.—This vocation affords the best guaranty to health, competency and sound morals. Demoralization usually begins in the cities, towns and villages, and then spreads out into the rural districts.—When the moral principle is weakened among the masses, the demoralization produces idleness and viciousness. Work, steady work, is a powerful counteracting agent against demoralization, and every good citizen should promote it.

A STRAW.—THE *Standard* eulogizes Harper's "Weekly Journal" of Civil-*lies*-ation, and commends it to Southern patronage. There is hardly an issue of that periodical that does not contain the filthiest abuse of Southern people and manners, and the most foul caricatures, in the way of illustrations, of our men and women. The *Standard* says that "no family should be without it." *We* should be sorry to see it in any decent Southern family. It is a contaminating and disgusting concern. A late number,—perhaps the last,—contains so low and vulgar an attack upon President Johnson as even to nauseate the New York *Herald*. Here is what Bennett says of it:

"The last number of *Harper's Weekly Journal of Civilization* has disgraced itself by ridiculing the President of the United States in a manner worthy only the lowest possible spirit, putting that paper even further down in the scale of journalism than Matsell's *Police Gazette*; for Matsell hardly abuses his murderers and thieves as these pious Harpers do the Chief Magistrate of the land."

ANOTHER STRAW.—Mr. Holden abuses W. W. Jones, Esq., who delivered the Address at the late Granville Fair, because he deprecated the immigration to the South of "Northern radicals and fanatics." Mr. Jones is right. It is bad enough to have a few radicals and fanatics at home, without importing them. No one opposes the introduction to our midst of honest, industrious, mind-their-own-business emigrants. On the contrary, we extend to all such a cordial invitation to come and settle among us,—but, with Mr. Jones, we deprecate and object to the influx of a horde of puritanical, whining, bigoted "radicals and fanatics." They are an element of evil and mischief, and nothing else.—The *Standard*, however, cannot be blamed for *standing up for its own friends*.

STRAW No. 3.—Mr. Holden doubtless thinks it is all right (indeed we think he has said as much,) for Gov. Wells, of Louisiana, to "remove the Sheriffs from office for refusing to discharge their duties," but it is filled with terrible indignation at the bare idea that Governor Swann, of Maryland, should "remove the Police Commissioners" for doing precisely the same thing. This is the genuine Jacobin logic. In Louisiana, the Radicals call upon the government to support the State authorities, while in Maryland, if the government undertakes anything of the kind, the streets of Baltimore are to be drenched with blood!

The *Standard* has linked itself, body and soul, with the destructive, revolutionary and turbulent spirit of Radicalism. Its eyes are filled with blood and passion. It is blind, mad, crazy. The verdict of the people, in the late elections, instead of curbing it, has only inflamed it the more. It will bite and sting itself to death ere many days, if it don't mind.—Go and get inside of some-body's refrigerator!

45TH SENATORIAL DISTRICT.—We regret to learn that we were in error in announcing the election of J. Henry Hill, Esq., in this District, composed of the Counties of Iredell, Wilkes and Alexander. Two precincts from Wilkes give C. J. Cowles unexpected majorities and secure his election. We here it intimated, however, that there are such decided evidences of fraud in the Wilkes vote, that Mr. Hill will probably contest Mr. Cowles' right to a seat

THE WATCHMAN.—We learn that the last number of Dr. Deems' *Watchman* is a little severe upon us, but takes, now, correct ground on the Howard Amendment. We have not seen it, as that number failed to reach us. We have said all that we intended to say upon this subject. We are far more concerned to have the *Watchman* right on so vital a matter, than we are to claim any particular smartness or credit for ourselves.

THE *Standard* says that Gov. Worth was beaten in his own county, Randolph, "where he is best known." With the "Red String" organization so thoroughly disciplined as it is in Randolph, the wonder is that Gov. Worth obtained the vote that he did.

In Gen. Dockery's own county, Richmond, where we presume there are but few, if any, Red Strings, and where the General "is best known," Gov. Worth received a handsome majority.

THE Czar of Russia has pardoned, upon his "taking the oath," the noted Circassian rebel Schamyl. The latter confessed himself conquered, not by the arms, but by the kindness of the Russian autocrat. Is there no lesson in this occurrence for the ally of Russia on the western continent?

For the Sentinel.

"Shoddy."

The meaning of the word "*Shoddy*" is becoming obscured by a new use now being made of it. It is now applied to certain parties who have become rich suddenly by the manufacture of a particular kind of cloth. In large cities and densely populated districts, old hats, and clothes, and blankets, and anything else that contains wool, are bought up and ground up into material to be mixed in with the woolen fibre for cloth. It is merely caught up into the warp and filling in a loose manner, and, though of no real service, it nevertheless adds to the weight and helps fill up. As the goods are worn, this material wears or sifts out, and gathers in lumps between the cloth and its lining, and may be taken out by the handfull.

This kind of cloth was originally called "Shoddy," and, being made largely "*for the public*," the manufacturers now go by the name of "Shoddy contractors."

The buyers of these old hats and coats are found in the greasiest streets of large cities, and are usually greasy little rat-dog looking men, who advertise under the call for "cast off clothing." But their trade corresponds with the avocation of those who buy up cats for the makers of bologna sausages.

It is a matter of congratulation that North Carolina can boast of a manufactory, on a large and honorable basis, that makes no shoddy, but deals *solely* in honest and faithful goods, a fact now being testified to by numberless papers since the *Sentinel* called public attention, in a late issue, to this North Carolina Factory,—"The Rock Island Manufacturing Company."—The large number of allusions to these woolen goods, and the many endorsements of them, by many who know them of old, endorsements that have been reproduced by your paper, proves two things: first, that the "Rock Island" goods are really *good* goods, and, secondly, that the *Sentinel* is a good medium for making all such things known. Petroleum.

EDITORS RALEIGH SENTINEL.—*Dear Sirs*:—I have observed your article in which it is remarked that you know not what progress the "North Carolina Petroleum and Mining Company" are making, in their investigations for oil. I will state for the information of your readers, that the Company is now sinking a well, two miles from Madison, Rockingham County, on the farm of Robert Lewis, Esq., and that they are prosecuting the work with energy and at considerable outlay. They are boring with machinery worked by a 22 horse power engine, and tools manufactured in Titusville, Pa., the boring conducted by two Pennsylvania experts.

The prospects for reaching petroleum are pronounced encouraging; at present the upper sandstone is being pierced, which abounds in fossils and indications of oil. It is the intention of the Directors to commence sinking a well in the Deep River section soon, in which the Company has secured large tracts of coal lands.

This organization has secured a large area of these coal lands, and judging from the considerable amount of money already expended, it is presumed they will not be satisfied with any partial experiments. Yours, &c.,

H. G. KELLOGG, *Secretary*.

The General Government Ready to Aid in Enforcing the Law.

(SPECIAL DISPATCH TO THE WORLD.)

WASHINGTON, Oct. 23—Dispatches from Annapolis declare that the government has resolved to remove the Police Commissioners of Baltimore. As they intend to resist their removal *ei et armis*, it is believed that he will summon a *posse comitatus*. This will bring on the outbreak, which the Radicals are so anxious to precipitate. If an insurrection against the civil authority is thus inaugurated, the government will undoubtedly promptly suppress it. At least such is the belief and feeling here to-night. General Canby, commanding this department, has already paid a significant visit to Baltimore.

Observe that the Conservatives in Maryland appeal to the laws—the very laws framed by the Radicals to perpetuate their own minority power.

Observe that the Radicals, the Blood-Tubs, the Plug-Uglies, scout the idea of an appeal to law—law of their own make—and threaten an appeal to force, careless of the horrors of civil war.—*N. Y. World.*

Radical Mob in Hagerstown.

THE RADICAL MOB RULES THE TOWN—THEY TEAR DOWN THE STARS AND STRIPES—ONE POLICEMAN KILLED AND ANOTHER MORTALLY WOUNDED IN THE PERFORMANCE OF THEIR DUTIES.

[Cor. Baltimore Gazette.]

HAGERSTOWN, Oct. 20, 1866.

Messrs. Editors—Our town is at present the scene of great excitement. The Radicals are now holding a large mass meeting, having gathered together all the roughs from our own and also from the adjoining counties of Pennsylvania, with the full determination of cleaning out the Conservatives in this portion of the State. Two policemen, Mr. Charles Gaul and Robert Sands, in attempting to quell a disturbance, were set upon by the mob and driven with stones some distance, when Gaul turned and fired, checking the crowd for a short time, but immediately upon the engine bell being sounded, a preconcerted signal for them to rush to arms, the streets were soon filled with armed men rushing towards the scene.

Gaul and Sands having taken refuge in a saloon kept by a Conservative of this place, a returned United States soldier and a man of sterling qualities, the house was soon besieged by the mob, who immediately opened fire, whereupon policeman Gaul fired from the window of the second story in order to check the mob, so that the few persons from the inside could make their escape, and having exposed himself too much, was shot through the head by a minnie ball, and fell from the window to the pavement.

The mob immediately rushed in the house in a wild scene of confusion, tearing everything within to pieces. Policeman Sands, in attempting to make his escape from the house, was stabbed in the right lung, and, after falling, was beaten terribly by the mob. He is still living, but his wound is pronounced fatal. The mob then cut down the Johnson pole that stood near the saloon, with the stars and stripes floating from it, the bodies of the two policemen still lying on the pavement, unheeded by the mob—the one dead, with his brains oozing out, and the other in a dying condition, crying for help. Several of the mob were wounded, but I believe slightly, save Joseph Renner, who was shot through the body, and it is supposed his wound will prove fatal.

The Galveston *News* boils Ex-Gov. Pease, of Texas, to a pulp, as follows:

"PEASE.—After having remained here as a known Union man through the war, and after travelling through the State, last August, as a candidate for Governor, advocating the Congressional policy of reconstruction, and denouncing the President, without meeting with even the slightest appearance of hindrance or molestation—without exciting even the anger which is often seen in the ordinary political canvass in every part of the Union—ex-Governor Pease turns up in Hartford, Conn., and proclaims publicly to an audience, that he left Texas with his family because the President's course of action had made it unsafe for a Union man to live in the State.

"Our people are astonished without measure at this intelligence,—and no reply, except the lie directly, does justice to their feelings on the subject. Even that does not relieve them of the disgust which they experience on learning that a man whom they had supposed to be a gentleman could take advantage of the inexcusable bitterness of a Northern party against the South, and thus meanly throw himself upon Radical passion for a support for himself and family. This is all that is meant by the declaration of the ex-Governor. While all the rest of our people are straining every nerve to repair their broken fortune, he seeks an easier and more rapid method—that of having Radical collections taken up for his benefit as a remuneration for the services he bestows by bearing testimony against his old friends and associates.—Such men have found a "lower deep" than any yet sounded by the lazzaroni of Italy, or even those professional beggars in all countries, who do their profession in unnecessary rags and simulated disease."

A Washington special says: "Impatience is manifested in some quarters as to the alleged tardiness and inactivity of the State Department in the treatment of the Mexican question, and of the Alabama claims. I have authority for saying that in a few days an official showing of the policy of the Government in the disposition of these matters will be promulgated. Mexican affairs are assuming a definite shape, and the controversy with the British Government relative to the Alabama claims will be urged to a speedy and determined conclusion.'

ARRIVALS AT THE EXCHANGE HOTEL, Oct. 24, 1866.—Wm. Thigpen, Edgecombe; Capt. H. Hildebrand, U. S. A.; S. E. Seymore, Mrs. Seymore, New York; C. A. Anderson, U. S. A.; Miss Anderson, Dayton, O.; Mrs. Hines, Miss Hines, Kinston N. C.; Robert Paton, Chatham co.; J. W. Wiggins, Wake co.; Larkin Smith, Va.; J. Ramsay, N. Y.

CHEESE—Our Western Dairymen can make as good cheese as can be made in America. Good butter and cheese are always in demand, and our Western counties can compete with the world in both of these articles, if they will. The "home-made" cheese, which we have seen, is hardly worth the name, as a general thing.—Formerly, every one wanted English cheese, because of its superiority; now, as good or better cheese is made in the Northern States. We believe our Western people can make it as good if they will. And why should they not take advantage of this great source of profit?

FROST.—We had quite a heavy frost this morning,—the first of the season.

DEATH OF MAJOR W. W. PEIRCE.—The Norfolk papers announce the death of Maj. W. W. Peirce, late of this City. During the late war, Maj. P. was long Quartermaster at this post.—He was a graduate of West Point, and was a man of some fine qualities.

THE EYE AND EAR.—We refer our readers to the advertisement of Dr. Gardner, Oculist and Aurist, (formerly of London,) now of New York, who will be at the Yarborough Hotel, on Saturday, Nov. 24th., and remain until Thursday, the 29th. After that time, he will visit Raleigh monthly, of which due notice will be given. The Dr. comes highly recommended by the press of the different cities he has visited. Those who require medical or surgical aid for defective sight or hearing should avail themselves of the opportunity now offered for obtaining relief, by consulting Dr. Gardner.

BUTTER.—Perhaps North Carolina consumes every year $200,000 worth of Northern butter, if not more. Our Western and mountain counties can produce butter equal to that of any country in the world, both in quantity and quality, if our people will learn how to put it up equal to the Northern dairy men. Why will they not do it? It is easily learned, and they should go at it at once. They can supply the East, on better terms, with as good butter, if they will. We urge upon them this duty. The firkins used by the Western people are not fit for butter. It should be put up in the best made and the tightest kegs. Butter, to be kept, should never be washed. If cleanliness is not observed in milking, keeping the milk, and churning, &c., all the water you can get will not cleanse it. Water destroys the flavor, and removes much of the oil or substance of the butter, and renders it much easier to spoil.—Keep the hands, the vessels, the cow's udder, the churns, and everything else, perfectly clean at all times; let the milking and churning be regularly and promptly done; when the butter is made, clean it entirely of milk and motes, then have clean, good, merchantable salt, and use enough of it, and pack it down in air tight vessels, always coverering it with good brine, and you will have good butter. Keep *everything* clean and you will need no water to clean, and spoil, your butter. We hope to hear from our friend Kimberly, and others, in the West.

A Southern man is said to have offered a reward for Lincoln's head when Lincoln was his armed enemy—that is fearful, fiendish crime.

A Northern clergyman in a Christian pulpit prays for the death of Mr. Johnson, his own President—that is patriotism and public virtue.

An assemblage convenes in New Orleans to overthrow the government of the State against the known will of the people—that is patriotic.

A deputation of citizens of Baltimore, in the forms of law, prefer charges against delinquent radical public officers—that is treason.

In the backwoods of Texas some lawless men frighten an agent of the Freedmen's Bureau out of the country because of his insulting expressions—that is heinous rebellion, justifying the exclusion of an entire State from representation.

In Chicago an assassin endeavors to shoot down the President of the United States while exercising the right of free speech—that is patriotism.

And so of every other instance in which the relative virtue or character of the two peoples (for they are two) are to be tested by similar incidents and facts.—*Pet. Index.*

The Catholic Council, which has been in session at Baltimore for a fortnight past, concluded its labors Sunday, and the ceremonies were brought to a close by a grand celebration of high mass in the cathedral.

The ladies of the King George Memorial Association intend giving a large dinner at King George Court-House, on the first Thursday in November. Governor Wise, Rev. William Walker, of Westmoreland, and Governor Vance, of North Carolina, have been invited by the society to deliver appropriate addresses on the occasion.

The Democracy of Pennsylvania have gained eight votes on joint ballot in the Legislature.

State News.

MRS. RANSOM'S SEMINARY.—We are glad to learn that this institution, located in Wilmington, has opened well. The course of study is very thorough, and the Proprietress assures the public that none but the best teachers will be employed.

SALEM WOOLEN FACTORY.—This Factory, we learn, is in full operation, turning out a large amount of excellent cassimeres and perhaps cloths, which command a ready sale. The North Carolina woolen goods will compete with any goods in market. H. W. Fries, Esq., we believe, is directing the operations of the Salem Factory.

CATAWBA LIME.—This article, we understand, is now being burned in large quantities from an excellent quality of lime-stone, by Messrs. Powell & Wilson. They offer it, on good terms, as a fertilizer and for building purposes. They propose to deliver it at any point on the N. C. Railroad, at $13 per ton. We shall possibly obtain further particulars in a few days.

CATAWBA MARBLE.—We have a specimen of Catawba marble on hand now being quarried pretty largely and convenient to transportation. It is not equal to Italian marble or to the marble which we learn is found in great quantity in Cherokee, but may answer many purposes at a cheaper rate.

——The Goldsboro' *News* says that nearly every train from the West brings two or three hardy-looking men, whose business, East, is to get farms. It adds that not less than fifty, within a few weeks, from Randolph, Alamance, Cabarrus, Orange, Guilford and Wake, have been "prospectin" in that direction.

——The Wilmington *Dispatch* is pleased to learn that there is a disposition, on the part of the owners of the sites of the Factories burnt by Sherman in and around Fayetteville, to sell to capitalists who are able to erect new factories with improved machinery. Or they will take stock, payment to be made in sites with excellent water-power. This is a commendable movement in the right direction.

——Abner S. Williams, Esq., Editor of the Williamston *Expositor*, is elected to the lower House of the Legislature from Martin County, and is greatly elated thereat. In your excitement, friend W., you forgot to give us the gubernatorial vote down your way. Hear how he spreads himself upon the strength of his new honors:

"Crow, Chapman, crow! Crow until you split your throat open; and when unable to make a noise, *go through with the motion of crowing!*"

——The ladies of St. Stephens' Church, Goldsboro', contemplate holding a fair and feast at an early day, for the purpose of raising funds to complete their present Church edifice.

——Mr. E. W. Watkins, of Warren, sold six hogsheads of tobacco in Petersburg, on Tuesday, at an average of $34 per hundred. The six hogsheads brought, gross, $2,208,65. Mr. John E. Boyd, of the same county, sold three hogsheads, sun-cured, at $30, $30 and $31.—Martin & Tannahill were the factors.

——G. W. Whitfield, Esq., Editor of the Cleaveland *Argus*, having been elected to the Legislature, has withdrawn from the editorial control of that paper. He promises to leave it in able and efficient hands.

——The Salisbury *Banner* notices a reprehensible disposition upon the part of creditors in that quarter to push their claims. It says that the Mayor issued about thirty warrants in civil cases on Tuesday.

——The Norfolk papers notice the arrival of Gov. Worth and party in that city. They were to leave on yesterday morning, on the steamer *Clinton*, for the Albemarle and Chesapeake Canal, and will probably return to Raleigh *via* Newbern.

——We learn, from the Danville *Times*, that the lawful returns in Caswell elect Messrs. Hodnett and Long to the Commons,—the latter beating W. B. Rowe *one* vote. But the returns from Leasburg and Lynn's Old Fields were not received until a day too late, and they elect Mr. Rowe over Mr. Long. The *Times* understands that Mr. Long declines his certificate of election, and, if this be so, a new election will be held.

THE BALTIMORE DIFFICULTY.

Proclamation by Governor Swann.

The Baltimore *American*, of Tuesday, publishes the following proclamation, which it says has been issued by Governor Swann, relative to the difficulty about the Board of Police:

STATE OF MARYLAND,
EXECUTIVE DEPARTMENT.

Whereas, It has come to the knowledge of the Executive that military and other combinations are now forming in the city of Baltimore for the purpose of obstructing and resisting the execution of the laws of this State:

And whereas, There is reason to believe that similar combinations are attempted to be organized in other States, with the intention of invading the soil of the State of Maryland, to deprive her citizens of their just rights under the laws, and to control the people of the State by violence and intimidation.

Now, therefore, I, Thomas Swann, Governor of the State of Maryland, do by this, my proclamation, solemnly warn the leaders of all such illegal and revolutionary combinations against the peace and dignity of the State, that, in the event of riot or bloodshed growing out of these revolutionary proceedings, they will be held to the strictest accountability, and the power of the State will be exhausted to bring them to prompt and merited punishment.

Given under my hand and the great seal of the State of Maryland, at the city of Annapolis, this twenty-second day of October, A. D. 1866.

THOMAS SWANN.

By the Governor:
JOHN M. CARTER,
Secretary of State.

The Baltimore Troubles.

BALTIMORE, Oct. 25.

No new developements regarding the Police Commissioners. Their counsel still decline to participate in the examination of witnesses to-morrow.

WASHINGTON, Oct. 25.

It is hoped here that danger of serious difficulty in Baltimore, on account of the Police Commissioners, is nearly over. Such arrangements will be made as will ensure the preservation of peace in any event.

The President considers that a requisition from the Governor of any State, no matter from what cause the difficulty may arise, must be responded to.

Mr. Stanton and the President.

Mr. Stanton's retirement from the War Department seems to be a fixed fact, and, as such, indicates plainly enough the President's staunchness to his policy for restoring the Union. The Secretary of War, while in office, was the single link still unbroken between Mr. Johnson and the Republican party; the only bridge left him, in case he chose to retreat from his firm and noble position, in obedience to the clamors of faction. But, Mr. Johnson will not retreat, and Stanton, despairing, resigns. The President has burned his ship, and undaunted by defeats in the field, and the wild threats of impeachment, violence, and assault which are hurled against him from every quarter, maintains with resolute front the post of honor and of danger to which his conscience as a statesman and his duty as President of the United States imperatively called him. Henceforth, the South cannot mistrust him; henceforth, it will be our most urgent duty to give him our aid, our comfort, our prayers for success in the desperate struggle with fanaticism and revolution.—*Richmond Examiner.*

The Prospects in New York.

It would seem that the Democrats of New York intend to elect Hoffman. The Radical papers of the city are evidently by no means sanguine as to his defeat; and the Democratic have a jubilant tone. We see that Raymond's paper even apprehends disasters. "The Democrats," says the *Times*, "are much more sanguine of electing Mr. Hoffman than they were a fortnight ago." And it proceeds to mention some very good reasons why they should be more confident of success. First, the number of names already registered indicates a vote in the city some hundred thousand strong. Next, the opponents of the license law, including a number of Germans, will vote for Hoffman.—Then the Democrats are manufacturing voters by the hundreds, in the courts, out of the foreigners in the city. And finally, the attempt to reorganize the Republican party on a Radical basis has produced dissatisfaction among men who would otherwise have come up to the support of Fenton with alacrity. The lapse of a few days will tell the tale, the 6th of November being the day of election. If the Baltimore emeute shall not result in damage to the Hoffman party, he will probably be successful.

REVIVALS.—The Richmond papers announce the progress of interesting revivals of religion in the Methodist and Baptist churches of that city.

INCREASING.—The Medical College of Virginia, at Richmond, has now over fifty students present, and the number is increasing.

How much suffering comes from *Diseased Livers?*—Let parents read the following, and remember that *these Pills are safe for the most delicate ladies:*

Wm. Carraway, Esq., Wayne Co., N. C. (Sept. 1, 1862, says: "I have used the Southern Hepatic Pills in my family. My daughter was in very bad health from disorder of the liver for the space of three years, having had a week without suffering. She took the Pills regularly and strictly according to the directions on the wrapper, and her health has been entirely restored by them. I have used them with great benefit among my servants on the plantation, and can recommend them as a *safe* and *useful family medicine.*"

A New and Grand Epoch in Medicine!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggil's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is announced that **Maggiel's Billious, Dyspeptic and Diarrhoea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

OPINIONS OF THE PRESS.

The Louisville *Journal* says: "The testimonials which Dr. Gardner presents to the public could never have been obtained, except by the display of great skill and learning in his profession. One thing especially commendable in the Doctor's practice is, that he will not attempt an incurable disease for the sake of a fee, but frankly tells the patient whether he can be cured or not. We cheerfully recommend Dr. Gardner to the attention of all our friends who may be suffering from diseases of the eye or ear.

The Richmond *Times* says: We have no hesitation in saying that Dr. Gardner is the most scientific and successful eye and ear Surgeon in this country.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too patent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the complaints they cure.

Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the remedy to use. Try it once, and you will know its value.

☞ Let all who have been given up by Doctors, and spoken of as incurable, read the following.

☞ Let all who can believe facts and can have faith in evidence, read the following:

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-Six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMEITER,
L. S. Notary Public,
Wall Street, New York.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1865. 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggiel's Salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Georick Street.

Extract from Various Letters:

"I had no appetite; Maggiel's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggiel has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggiel's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family."

"I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonals

As this, but want of space compels me to conclude.

EXECUTOR'S SALE OF

DESIRABLE DWELLING, NICE TOWN

LOTS, AND A TRACT OF LAND

Near Warrenton, N. C.

As executor of Dr. Hugh J. Davis, to effect a division among his legatees, I shall sell to the highest bidder, on the 15th day of November, 1866, at his late residence, in the town of Warrenton, N. C., the DWELLING HOUSE and LOT. Also a Lot in front of Dwelling, and a Lot adjoining the Court-House square; and a tract of Land about two miles distant from Warrenton.

The Dwelling is in cottage style, containing ten rooms, and has two basements. Near the centre of the town, surrounded by magnificent oaks, it is in one of the handsomest locations in Warrenton, on a lot of about four and a half acres, having an ample yard and garden well inclosed, with Stables, Kitchen, Smoke House, Dairy, Carriage House, Corn Crib, Servants' House, two good Offices in the yard, a well of excellent water, and is bounded by four streets. The square is sufficiently large, and so arranged as to be divided into two beautiful Building Lots, fronting towards the main part of the town. The Lot in front of the Dwelling is enclosed, contains over an acre, without any building, and is bounded by three streets.

The lot in rear of the Court-House fronts on the street about one hundred and ninety-two (192) feet, and contains about three-fourths of an acre. This lot has a Store, with several rooms, at the north corner, a residence in the centre, with several rooms, and an office with two rooms at the south end.

The tract of Land contains two hundred and eleven acres, in original growth partly, but mostly in second growth pine, and is situated on both sides of the main road to Clark's Bridge. Being so near Warrenton by a good road, this tract is valuable for its fire wood, having been reserved for this purpose, but would make a nice farm.

Possession of Dwelling and Lots given on first of January, 1867, and the tract of Land given up at sale.

TERMS—On the Dwelling, five hundred dollars cash, and on that and the rest of the property a credit of twelve months, from day of possession. Bonds, with satisfactory security, required and title withheld until payment. Inquiries answered.

Ex'r Dr. H. J. Davis.

THE NATIONAL UNION BUSINESS COLLEGE

WASHINGTON, D. C,

Offers superior advantages for a thorough Business Education.

The course of instruction embraces Commission, Importing, Jobbing, Retailing, Bank and other Bookkeeping, Commercial Law, Arithmetic, Correspondence, Spencerian Penmanship and Business Practice.

PENMANSHIP is taught by Henry C. Spencer, the leading author of this system, and celebrated as the Editor of the "Spencerian Key to Practical Penmanship," adopted by nearly all first class Colleges as the standard of criticism. Unsurpassed facilities are here presented for acquiring this valuable art.

The system of "BUSINESS PRACTICE," originated and successfully taught by the Proprietor, receives his special attention. This is the most valuable part of the course. Here the student applies his theoretical knowledge. He buys and sells representative mdse., makes out notes, drafts, invoices, &c., deposits College money in the College Bank, and checks it out as his business requires. Becoming, in turn, Retailer, Wholesale, Forwarder, Banker, he soon acquires a knowledge of business forms, learns to compose and condense the history of every transaction and thinks for himself. He is thus prepared for actual business.

Full scholarship, good for review at any time, with Life Membership in this Union of Colleges extending to the principal cities, only $45. Books and stationery extra.

For circulars giving full information, for specimens of Penmanship, of the College currency and merchandise.

The Trustees of the Oxford Female Academy desire to make arrangements with a competent teacher, to take charge of that institution, at the close of the present year. It is pleasantly situated in the town of Oxford, in one of the most healthful sections of the State; it has been in successful operation for more than fifty years, and has perhaps educated more young ladies than any other similar institution in the State.

The trustees will make liberal terms with a competent teacher, who can come well recommended.

Petersburg, Virginia,

TAKE PLEASURE IN INFORMING THEIR friends and the trade generally that the steady increase of their business has rendered it necessary for them to add two rooms to their Dry Goods Department, together with a large and convenient entrance from Tabb street, which arrangement gives them a most spacious Sales-room, well lighted, and enables them by this increased accommodation to add largely to their Fall Supply.

They beg leave to invite particular attention to their extensive assortment of

made to order under the supervision of Mr. A. S. SHAFER, whose long experience in this department of business, in this city, has made him familiar with the wants of Merchants in Virginia and North Carolina.
